An arrow indicates your location. mybrainnotes™. home explore site outline browse books contact me. book reviews and excerpts about evolution, cognition, and the neurobiology of behavior Often the depression screening tests are too clinical, and the symptoms don't "click" with you. here are some un-clinical symptoms and reader comments. Fact or fiction?: elephants never forget. do elephants really have steel-trap memories? Thousands of unwanted, abandoned, neglected, and stray animals pour into animal shelters across the country every day—far outnumbering the good homes available to take them in. but instead of “going upstream,” i.e., instead of working to address the source of the problem, which is the runaway animal birth rate, people are being pressured into focusing on the symptoms.

At the mountains of madness is a novella written in february/march 1931 and originally serialized in the february, march and april 1936 issues of astounding stories this story is written in first-person perspective by the geologist william dyer, a professor at miskatonic university.
