

Rutgers Engineering Department

Rutgers Engineering Department

Why Rutgers Engineering? At Rutgers Engineering, students have the opportunity to be part of a dynamic engineering community that includes world-renowned faculty conducting leading-edge research as well as engaged and motivated students from a diversity of backgrounds and interests, who remain networked beyond their studies as part of a 20,000-strong alumni association.

Rutgers University School of Engineering

ECE at Rutgers Welcome to the Department of Electrical and Computer Engineering. Our faculty and students are engaged in exciting innovation in the areas of wireless communications, computer systems and software engineering, information processing and systems, micro- and nano-electronics, next generation internet architectures, cyber security and so much more.

Rutgers University, Electrical & Computer Engineering

CBE at Rutgers Welcome to the Department of Chemical and Biochemical Engineering. Our department has been involved in chemical engineering education and research since the early 1960s. We currently provide instruction and training to over 300 undergraduate and over 200 graduate students.

Rutgers University, Chemical & Biochemical Engineering

The Department of Mechanical Engineering at Rutgers was founded in 1908 with a focus on driving the country ' s industrial growth. Today, with more than 30 full-time faculty members, the Mechanical and Aerospace Engineering Department educates more than 700 undergraduate and 180 graduate students.

Rutgers University, Mechanical and Aerospace Engineering

The ISE program at Rutgers is a rich educational experience that provides students with a broad engineering education along with specialization in a wide range of industrial engineering and manufacturing fields.

Rutgers University, Industrial and Systems Engineering

MSE at Rutgers Welcome to the Department of Materials Science and Engineering. Our students solve problems related to the design, processing, and evaluation of conventional and specialty materials.
