## Chapter 1 : Solution Focused Therapy Powerpoint

Based on both empirical support and values grounded in mental health recovery, the practice of positive engagement of lived experience has garnered widespread support. How are nurses prepared to train home dialysis patients? • many simply given the job assumption that the skills will be acquired • sent to a course on home therapy often has little or no instruction on teaching /learning assumption that if know how to do dialysis, can teach it to the patient • sent to a course on teaching and learning • sent to an experienced training nurse for mentoring
